

Sueann - Blues in My Sunshine

FRIDAY, 18 MARCH 2011 14:49

Sueann Carwell next Sunday returns home to Minneapolis for a rare performance and special CD release party at the Dakota Jazz Club. Her voice has enthralled audiences and seasoned performers, ever since she started winning local talent shows in Minneapolis at the age of 15.

A rare talent, she has the voice to carry any genre of music—funk, R&B, pop, jazz, to blues, her voice carries the listener to the highs and lows of life with a depth and richness that is unparalleled.

She will be joined onstage by P-Funk members Steve Boyd, Michael Hampton, Frankie “Kash” Waddy, Lige Curry, and Danny Bedrosian. Backing Vocalist will include Chantel Winn, and Sueann's brother, Carl Carwell, another accomplished musician who was a former member of Earth, Wind, & Fire.

Carwell will be performing songs from her new blues album—Blues in My Sunshine—an inspiring, charismatic, authentic roots collaboration with renowned musician Jesse Johnson, the brilliant guitarist known for his involvement in history making music projects such as The Time.

Carwell has taken her stirring life experiences to create an album full of breathtaking soul, wonderful blues, and heartfelt gospel.

The tickets are \$20 and the performance is on Sunday, March 27, at 7pm, at the Dakota Jazz Club, 1010 Nicollet Avenue, Minneapolis. For information and ticket order, call 612-332-1010.
